

Run together. Make impact.

The community app that turns running and volunteering into a team sport — with a leaderboard that's actually earned.

Find verified runs and clean-up events near you, show up with your clan, and climb the rankings — because attendance is confirmed on-site, **not self-reported**.

Features

Find activities near you

Search, filter by type or distance, or use Near me. See runs (blue) and volunteer events (green) on one map.

Compete as a clan

Join a team, chat, and climb leaderboards by distance, impact, and event quality.

Verified, not self-reported

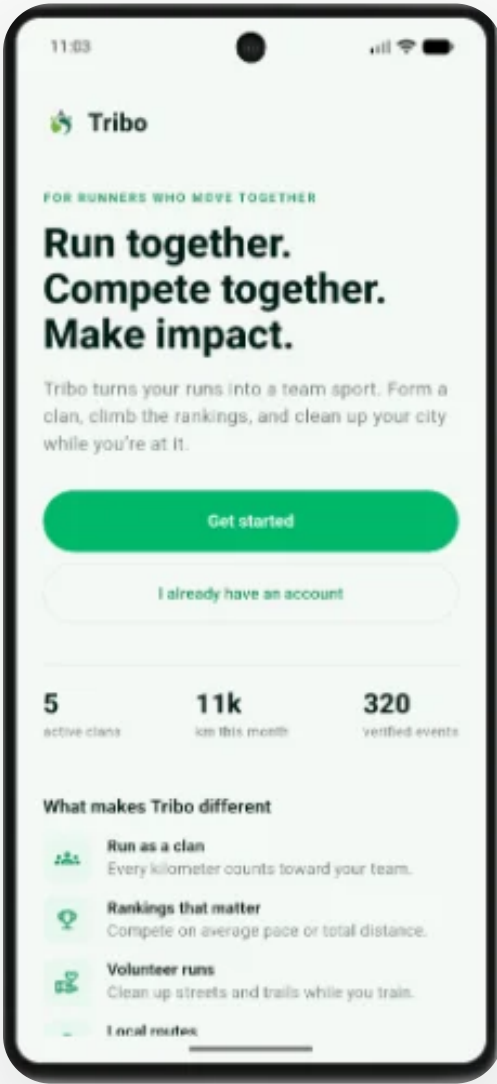

Attendance confirmed by event staff or partner organisations, so the rankings mean something.

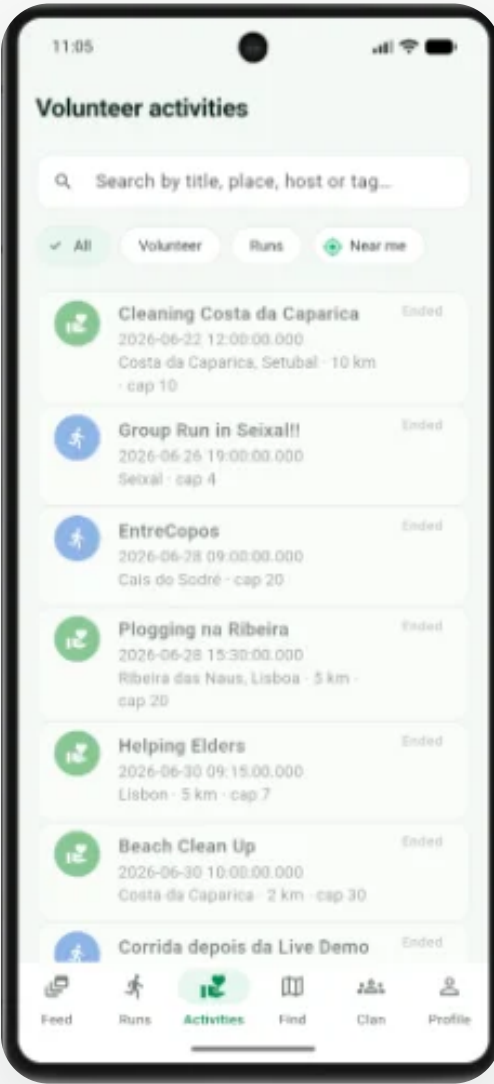

Track & get rewarded

Live pace and splits, points for events you attend, achievements, and weekly goals.

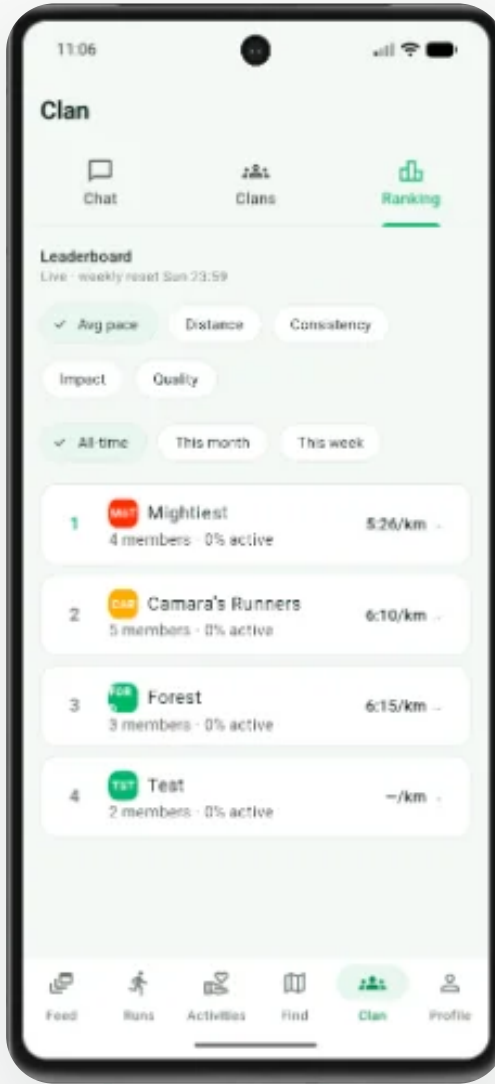

How it works

1 Sign up and join a clan.

2 Find & join a run or volunteer event near you.

3 Show up — get verified, earn points, climb the board.

Runs + volunteer events in one app

On-site verified attendance

Live weekly clan leaderboards
